

Nova

November 2010

Dear Families of the Nova Community,

I would like to make a sincere request of you to show your support to your child's school, by making a contribution to the Annual Fund.

I know there are so many ways that you already support our school--classroom contributions, Outdoor Environment Days, Fall Festival, Fiesta and volunteering as chaperones, to name a few. All of these contributions are essential to supporting the school's mission and providing a rich learning environment. We greatly appreciate all that you already do.

Contributing to the Annual Fund to demonstrate 100% parent participation is another essential step we, as a non-profit organization, need you, as a parent of the AMS community, to do in order to continue to develop and implement the pioneering vision of what Austin Montessori School represents—a learning environment that instills peace education, guides the development of the whole child, and supports the child to become an independent lifelong learner.

One of the many things I appreciate about working at AMS is its commitment to improving what it offers to families and their children. AMS is also committed to keeping tuition as moderate as possible to be affordable for more families. In order to uphold both of these commitments, the school must find ways to raise money beyond tuition.

Please take a moment and think about what you can give to participate in the Annual Fund Drive this year. My request again this year is that if you were considering any holiday gift for me; give instead to the Annual Fund. I will be honored by your contribution in my name.

May you have a blessed year,

Kelly Jarrell
